

K-LOVE serves the residents of Nebraska (and across the nation) by broadcasting positive messages and upbeat music. It is very important to have this positive station available to everyone. If K-LOVE were to be displaced by an LPFM broadcaster, who knows what our children will be exposed to as far as content and music. The service provided by K-LOVE is so important in this day and age when we have so many negative and shameful messages being broadcast via media outlets. As a parent, K-LOVE has definitely been a breath of fresh air and is something I cherish. Please do not expand this service. We need to keep K-LOVE broadcasting loud and clear.
